For the True American. Our Cause.

The position now occupied by the adventes of enance action in the slave holding states, is one of dep interest and high responsibility. We have expoused a cases on the server led issue of which rests the hope of this nation, and on which greatly depends the progress of free institutions throughout the world. The free case is a barger be concerned that the influence of Slavery on all classes of the community is of the rest of each of whites, to repress caterprise—to obstrue general education—to impair meals and religion, and it is fact to throw avery obstacle in the way of national prospecty and happiness.

The reare thousands of intelligent performance of the control of th

The reace thousands of intelligent persons it all the slaveholding states who deplore the existence of these exils among us, and many of whom a knowledge the source from whence they flow,—but they are so helg I in by the prejudices of the community, and so over awed by the supremacy of the slave power, that they are fearful of making any inverse into second the state of the slave system case of the needed the slave system case of the needed of the slave system case of the slave system case of the needed of the slave system case of the needed of the slave system case of the needed of the slave system case of the slave syst And the control of th

Our correspondent says truly, that there is in the breast of every one, a emenus-ness, that man was formed for a higher and nobler purpose, than to be the drudge and servile instrument of his fellow man. It s so. All of us, not depraved and degra ded, know it by that internal experience, which is ever the highest revelation of truth. An appeal to that consciousn ss. f wisely made, wil never be in vain -Prejudice may deride it; passion, scoff at it; interest, oppose it; but, with all these drong barriers, it will be heard.

Men of short views, and tunid untures. when they see excesses committed, shrink back in d'smay as if all were lost. Not

All that is needed, as a Virginian justly cmarks, is, that we should use ntain a calm and steadfast, yet conciliatory department, and unside dued by threats, and unside dued by power. It was in this spirit trat Westart various and purify it. When was even a reform or needed that he did not come? When the possesses none of the qualities of a demandary subdued in mob, when an arroad policy failed to drive them from their purpose.—It was in this spirit that Penn control of the wild savages of our forces, when no force could matter their. If we look into the history of the past—if we look around us into the novements of every day life—we shall find this great truth disstrated—that if the day of the post of the post of the post into the novements of every day life—we shall find this great truth disstrated—that if the day of the post into the novements of every day life—we shall find this great truth disstrated—that if the day of the post in the post of the post into the novements of every day life—we shall find this great truth disstrated—that if the post of the post into the novements of every day life—we shall find this great truth disstrated—that if the post of the post into the novements of every day life—we shall find this great truth disstrated—that if the post of t or ours lves, and we know not that it is one—a harge occurs, and that land is with which to not the poor and needy. Convering the state may be men and build us all up revenue the spirit of retainant, is eitement, and then torn with religious discrete neutral povering and ignorance. It was somether evalues the state may be men and build us all up by their power and energy!

And where the wrong—the incendian awkwardly folded, bally written, and just one of those things which a nice gentleman would not like to handle. Yet does rism in all this? But no matter. The who contend for emanepation? Not our own good—not our own advancement!—

On goo that the cause is unpopular, and that thos. who are engaged in it in the il a life time and die, t may be, without being understood even by the a gority of the who a we would tless. No. Our allowous endsuffer for others, and if in doing this, w or moved to cami y by intemperance of opp nents, we put a blot on the pure and holy principles we profess, mar the cause we defend, and periodit, when by in which course, we might ensure its success. And excesses, amilitarisin, and when evid our rights are trampled on, by the advorit of love which ca 'th out fear, and bolts, and vengeanes of the most incur ab-
